

Solid Odor Control

Product Description

941 is a concentrated solid product specially packaged for easy application directly in areas emitting bad odors, leaving a fresh, clean fragrance. To assure optimal performance of this product under the toughest conditions, it has been produced and blended together with "high potency" surfactants and odor modifiers which control malodors at the source. 941 is ideal for residential, commercial, and industrial applications where odor is a concern. Use as needed in kitchens, restrooms, trash receptacles, pet areas, dumpsters, cars, waste treatment facilities and any other areas where bad odors occur. When used as directed, the 941 is safe for people, clothing and the environment. This product is non-caustic, non-acidic and biodegradable.

Application

For the ½ lb. block, simply unscrew the plastic top and set the product base on a solid surface.

For all other sizes, remove lid from bucket and place on solid surface in area to be treated. To increase activity, cut away the bucket or drill holes for increased contact with the air.

Specifications

Form:	Solid
Color:	Blue
Fragrance:	Citrus or Evergreen
Active Content:	Surfactants, Odor Modifiers

Packaging

Packaged to suit customer needs and for ease in use. ½ lb., 5 lb., 10 lb., and 20 lb. blocks..
